

Care of your Punch Biopsy

- Leave the original dressing undisturbed for the first 24 hours.
- After 24 hours, remove the white tape and gauze. Clean the area with mild soap and water.
- Apply Vaseline or Aquaphor and a Band-Aid; change it daily until you come back for suture removal.
- **DO NOT USE**: alcohol, aspirin or products containing aspirin for 24 hours after a punch biopsy.
- **FOR PAIN**: Extra Strength Tylenol is recommended every 4-6 hours as needed.

- Results are typically ready in 7-10 BUSINESS days.
We will call you as soon as the results are available. If you have any questions or concerns, please contact our office at 970-667-3116.
